Welcome to "Jarrah Glen"; a stunning 7.7 acre special-rural zoned property just a few minutes drive from Denmark. Offering a very private position, the four bedroom home on the property is simply immaculate, and has been designed to cater to a wide range of owners - from a large young family to retirees. All bedrooms have built in robes, while the large main bedroom and en-suite has access onto the wide front verandah which overlooks the lawn and gardens down to a neighboring paddock below. The property consists mainly of attractive Jarrah forest, with the home located within a well cleared area, along with a large powered shed with enough room to store a couple of vehicles and also provide workshop space. Four rainwater tanks, solar power and reverse cycle air conditioning complete the list of improvements which make this one of the best lifestyle properties available for sale in Denmark.
