ULTIMATE OFF GRID LIFESTYLE OPPORTUNITY

Situated on the banks of the Cox's River & tightly held and loved for many years. This truly special acreage, 18.8 HA (approx) has been used as a weekender and for family holidays. Has the benefit of a rustic original cottage, which has been cosmetically updated since the owners purchased & features, LPG gas cooking, as well as a slow combustion fireplace to ensure you remain warm and cosy on those frosty winter mornings.

The Cox's river water source is a huge bonus, and provides the perfect spot for summer time BBQ's, fishing, swimming, rafting and other outdoor pursuits & the land is mostly clear fertile grazing fields, ideal for a few head of stock, or has potential to add to the existing orchard of mature fruit trees.

The property is sheltered at the floor of the valley and has the most beautiful rural views, whilst being totally private.
