Auction Location: On site
The full transformation of a classic city house, these quality renovations are less than 5 years old, the space gutted and reconfigured with impressive attention-to-detail including new windows, new plumbing/electrical, and utmost quality. Set over 3 levels with rear access to the parking, deck and courtyard space, every centimetre is beautifully considered, with masses of joinery and custom storage. In an address so connected to Inner Sydney, public transport is all around including Green Square trains and the new Waterloo Metro station, plus access to a range of buses and more. A turn-key package in a premier position opposite Waterloo Park.
