One of Sydney's most celebrated architects, Luigi Rosselli's designs are instantly recognisable in the grandeur of his latest masterpiece, Giardino, amplified by the effortless interiors of Handelsmann + Khaw. Grand in proportion, the house-size abode unfurls onto lushly layered terrace, invoking the sense of a private sanctum. Full-size retractable doors will enable seamless & gentle flow between inside & out. Impeccable yet understated finishes define the home. In the kitchen, the Toledo or Travertine slab island bench becomes the welcoming heart of the room. Positioned along the shaded, fig tree-fringed boulevard of O'Sullivan Road, Giardino is just steps away from European-style cafes at Plumer Road Village, while world-class yacht clubs, golf courses, waterfront dining & shopping are within easy reach. + Luigi Rosselli's Art Moderne inspired architecture with Handelsmann + Khaw interiors & lush landscaping by Dangar Barin Smith + Generous open plan living & dining with statement fireplace & sliding doors seamlessly flowing to an expansive east-facing entertainer's terrace with in-built BBQ + Designer kitchen with a choice of Travertine or Toledo marble benchtops with Wolf, V-Zug & Sub-Zero appliances + glass-fronted walk-in pantry + Expansive main bedroom suite with WIR, secluded private courtyard & ensuite with free-standing bath & double vanity + Two guest bedrooms with built-in robes & green outlook, internal laundry, air-conditioning + Media room/home office, main bathroom with travertine marble double vanity + separate guest powder room + Level lift access from 2 accessible car spaces, security block with statement Luigi Rosselli lobby + Seniors SEPP Approved Project with Prestige In-Home Care offered on an as-needed, user-pays basis.
