Set deep in the block of this urban community, this dynamic two bedroom two bathroom town residence finds true distinction in its north facing design. Surprisingly private, downstairs introduces a timber floored entry hall with guest powder room, a brilliant main bedroom with built in robes, a fully appointed semi ensuite and a north facing garden courtyard. Upstairs features the light filled open plan living and dining area with well equipped corner kitchen and sun filled screened balcony, plus there's a walk in pantry/storage room, sizeable bedroom (built in robes) and a stylish bathroom/laundry. Ideal for professional singles, couples or friends wanting their own level, this cleverly designed home is complete with reverse cycle air conditioning, an alarm, handy storage, intercom service, instant hot water and an auto garage with access from Bell Street. In an exciting spot, between the cosmopolitan scenes of Elsternwick Village and Ripponlea Village, close to two train stations, historic Rippon Lea Estate, glorious Elsternwick Park and just footsteps to the city tram.
