Filled with natural light and warmth, this impeccably presented 2-bedroom apartment has been freshly painted throughout and is positioned within a classic-style low-rise building just footsteps to vibrant Centre Road. Beautifully presented and whilst brimming with cool retro charm, accommodation includes a welcoming lounge with sunny balcony, a fabulous kitchen with room for a table and casual meals plus an original yet pristine bathroom/laundry. The lounge and both bedrooms are carpeted for added warmth & comfort; there are also the invaluable inclusions of split system heating/cooling, ample storage in both bedrooms and a separate WC. And although there is carport parking, with a location like this, you will rarely need the car. In the sought-after McKinnon Secondary zone and a stroll to Bentleigh station and bus stops, this prized locale is also just moments to Coles supermarket, Centre Road's exciting choice of eateries, bars and cafes, while the beautiful expanses of leafy Allnutt Park are just moments away for easy and endless weekend enjoyment. We donate a portion of our fee from every property transaction to the Woodards Foundation to support people experiencing homelessness, family violence and social isolation.
