Stunning Beach, magnetic island and Coral Sea views. First time offered since Anelay was completed and opened in Early 2022, Apartment 8 is way up on level 4. This level is the equivalent of being on the highest level in most Strand / North Ward buildings. (There are 6 levels in Anelay!) The building was designed with 12 apartments. Everything about this 3 bedroom, 2 bathroom, 2 secure car parks and a storage area still feels brand new. It has only been used as a weekender since construction. Anelay Apartments sold out totally 5 months before completion which had not happened in Townsville for over 16 years. If you missed out then or you're looking for that really modern, new, beachfront, lifestyle apartment please get in touch to get more details.
