A rare opportunity is offered to enjoy all the pleasures of harbourside living from a lower level apartment. Combining the immediacy of the yachts, marina and harbour with the privacy that a large verandah and podium position affords. One of just forty two apartments in the Marina Apartments the east/north east orientation is the perfect aspect to capture cooling breezes. Security car parking for two vehicles plus storage and a short walk to the transport interchange and light rail. An abundance of exercise alternatives on your doorstep. Walk, jog or ride to Nobbys, follow Throsby Creek or venture to Carrington and beyond. A must for those seeking the inner city harbour lifestyle. Inspections available by appointment on Tuesdays and Thursdays, please contact Agent
