This 3 bedroom home has had a full makeover with a new kitchen including appliances, updated bathroom, polished floors, the erection of a large 6x12 colourbond garage, 6.5kw of solar on the roof, the installation of security cameras, hard wired internet and built ins. Located in a quiet no through street close to a bus route the suburb has a primary school, Iga supermarket, takeaway food shop, chemist and newsagency. Backing onto bushland the property has surprisingly great views of the city and beyond and being elevated it stands out amongst the crowd. Offered with vacant possession this home is the perfect first home with all your storage needs catered for with the amazing garage and workshop facilities. The block is easily to maintain with no grassed area at the back and minimal grass at the front. A beautiful deck with sliding door off the lounge room will allow you to enjoy the beautiful sunset at the close of the day.
