\$620,000

A well located modern brick veneer with a fantastic outlook over town. A practical layout with an L-shaped living and dining room, small family room, Blackwood timber kitchen with breakfast bar, neat bathroom and a large rear sunroom with brand new carpet. The home is heated by natural gas central heating and a log fire. A covered entertainment area accesses the above ground swimming pool and timber deck surround. There is front driveway to a single garage with internal access. Great value at this price.
