Close to everything but you'll feel a million miles away... Set at the end of a cul de sac with leafy surrounds and an outlook across to acreage, it will not feel like suburbia listening and watching the wildlife, it will be your own retreat. The home has a great living space for the family with a front veranda to enjoy the evening serenity or sit up by the pool and take in the stars. With a rumpus upstairs for the kids and open plan living for all, this is an easy layout suitable for all ages. There is internal access from the double garage, the master bedroom with ensuite and walk in robe, bedrooms with built in robes; and ducted air conditioning throughout the home. It's only a short walk around the corner to the high school, as well as the sports fields for footy and soccer, basketball stadium, tennis courts and cricket nets. The kids will love this area and great to take the pooches for a walk too. Welcome home.
