Great holiday home opportunity at an affordable price. Stone home that does need some attention and a tidy up. Comprising 3 bedrooms, lounge with a split system air conditioner, fireplace, and ceiling fan. The country style kitchen is a good size with an original wood oven. The bathroom is large with a separate shower, toilet, and doubles as a laundry. Outside has a huge alfresco area that is paved and has blinds all around. The shed has sink and electric oven which is a great spot to clean and cook your catch. Now this home is walk in walk out. Everything in the home and shed are part of the purchase.
