A GRADE BEACH HOUSE - NEW TO MARKET

MODERN MINIMALISM FUSED WITH EFFORTLESS ELEGANCE Welcome to "CASA BELLA," an architectural statement of light-filled style, flawless finishes & superior entertaining amenities that transcend the ordinary. A brilliant collaboration between renowned architect, Scott Carpenter & award-winning builder, John Hewitt CASA BELLA showcases a perfect blend of contemporary elegance & functional spaces, for luxurious family living & entertaining. In the owners' own words, "the inspiration behind our beautiful home was to design a very family friendly, light & airy, beachfront home, with a modern appeal and a tendency to a 'Hamptonesque' style. High vaulted ceilings atop premium blackbutt timber flooring, a limestone encased fireplace, heated swimming pool & spa, a commercial grade steam shower in the main ensuite & a big entertaining room with kitchenette, are just some of the luxurious features to this stunning residence. Situated in prestigious Echo Lane, a very private location, with direct access to gorgeous Casuarina Beach & close to the cafe and restaurant precinct of the Commons, this is not just a magnificent piece of beachfront real estate, but a lifestyle of luxury & effortless coastal living. CASA BELLA creates the essence of life, peace, harmony & balance within a welcoming & fluid floorplan to suit buyers of all age groups & multi-generational needs. The discreet private entry welcomes you into a warm & friendly space, as you gaze through a huge picture window to take in the sparkling in ground swimming pool & manicured rear gardens beyond. As you progress from the wide entry foyer, you will love the magnificent kitchen, as it freely flows through the living zones to the alfresco entertaining room, overlooking the leafy greenspace on Casuarina Beach. The designer kitchen is very worthy of special mention, with its 5 metre long, 60mm thick Dekton island bench, Miele appliances & streamlined cabinetry flowing into a butler's pantry. The architect has cleverly designed the kitchen to overlook the swimming pool to the north. Gorgeous sunshine, abundant light & ocean breezes engulf you as you entertain from this master chef's kitchen. A home office or 5th bedroom has separate access from the entry, for those who work from home, or is ideal as a guest bedroom on the lower level. The internal laundry has ample storage cupboards & access to the drying yard.

CONTEMPORARY OPULENCE ON CASUARINA BEACHFRONT Venture upstairs to the stunning master suite with private balcony, louvre windows, gorgeous, vaulted ceilings & exposed beams. The sheer size & grandeur of the master retreat is breathtakingly beautiful. Billowing curtains, plush carpets underfoot, huge walk-in robe, ceiling storage & a serene view over the dunal greenspace, makes this a private sanctuary of unparalleled beauty. The exquisite ensuite boasts a free-standing bath, dual vanities, television & commercial grade steam shower with seating. You will not want to leave home. An extra-large bedroom has its own bathroom, with 2 additional generously sized bedrooms sharing the main bathroom on this upper level. The secondary living space is huge & plays host to a truly magnificent games room, including a built-in bar, Vintec fridge, sink & custom cabinetry. Feel like you are on holidays as you entertain from the billiard table, enjoy a drink at the bar, or relax in the living room, with balcony & views to Mt Warning in the distance.
