This home is set on the hill, boasts loads of sunshine and has wonderful views to the River Derwent. Beautiful, polished boards in the living areas and all three bedrooms are carpeted and have built-in wardrobes. A heat pump and gas heater make for comfortable living. Deck access via the dining area provides additional living space. Kitchen and bathroom are well presented. The house is situated on a large block and there is an amazing amount of very usable storage space underneath. A pet with references may be considered.
