Welcome to 8 Houston Street, Spring Mountain, a single-story home designed to foster a sense of peace and calm within the family. Built by Clarendon Homes, this home has a thoughtful floor plan with four large bedrooms and two separate living areas so that your family has plenty of room to spread out or enjoy time together. If entertaining friends and family is something you like to do, then the open plan kitchen, living and dining room, flowing seamlessly onto the outdoor alfresco will ensure you can accommodate everyone with ease. The butler's pantry is a handy feature which offers plenty of storage for your groceries, while the high ceilings and large windows in the living and dining room ensures this space is light, bright, and breezy. The master suite is nestled at the rear, away from the rest of the home and connects to the outdoor alfresco, bringing some of the outdoors in. The large walk-in robe and luxurious ensuite ensures tranquillity to even the busiest of parents. The remaining three bedrooms are situated throughout the home, each slightly away from each other so that the rest of your family has their own private spaces to wind down after a long day. This home is well located with easy access to Springfield train station, and local amenities such as the Orion Shopping Centre and Orion Lagoon only a short drive away. There are plenty of local schools in the area including Spring Mountain State School, St Peters Lutheran College, St Augustine's College and Good Shepherd Catholic Primary School. With a double garage for your cars, and plenty of room for your growing family, you will love feeling like you're on vacation every day when you arrive at your beautiful home. Key Features:- Four large bedrooms, with the master bedroom including an ensuite and walk-in robe- Open plan living and dining with high ceilings and large windows- Open plan kitchen with island bench and butler's pantry- Covered outdoor alfresco with built in BBQ- Double lockup garage- 257m² home built on a 449m² block Contact Glenn for more information or to arrange an inspection.
