\$610,000

Welcome 8 Jamison Park Drive, a deceptively large family home, in the heart of Kangaroo Flat. From the outside this home gives the impression of a quaint home, but inside the home is surprisingly much larger than expected. This spacious home is perfect for those seeking space for the whole family and also offers side access to a 4m x 9m shed and 2 carports that can accommodate cars, boats, camper trailers, etc. The flexible floor plan consists of five bedrooms, master with 3-piece ensuite and a walk-in robe. The other four bedrooms all have built-in robes and share the second bathroom. There is a separate second toilet nearby. The open plan kitchen has a brand-new wall oven, gas cooktop, built in pantry and a good amount of bench space and cabinetry. The adjacent dining space easily caters for a dining table whilst the living area is a great place to relax with a wood heater creating a warm ambience. The second living space, the lounge, is found at the front of the home. Other notable features worth mentioning are full size laundry with good storage, a third toilet off the laundry, ducted heating, ducted cooling, and ceiling fans. Stepping outside finds an undercover alfresco/entertaining area, ideal for BBQs in the upcoming warmer weather. Side access down the left-hand side of the garage leads to plenty of shed space to accommodate all your storage needs and hobbies, whether it's for tools, a workshop, or extra storage space. There's a 6m x 4m carport that is attached to a 9m x 4m shed with concrete floor, power and a wood heater. The shed could be used for extra storage or as a mancave/games room. There is also another carport measuring approximately 6m x 2.8m and a 3m x 2.8m workshop. Furthermore, there's established gardens, a lawn area for the kids or pets to play, water tank and secure fencing. In summing up, you have a large 5-bedroom home in a quiet neighbourhood, close to all the amenities of Kangaroo Flat and just 10 minutes to Bendigo CBD. Call today to arrange an inspection.
