If you have an eye for originality in a home, you will see the potential here immediately! Imagine this spacious home with a paint job and polished floors!The home has been a 3 bed / 1 bath home most of its life, but has had an additional large brick room along the western side added over the years, that would make an ideal master bedroom & ensuite. The central living spaces are generous in size with a designated dining space and designated living room. Add on the sun room at the front, and the built in laundry area at the rear and you have more than enough area 'under roof' for any sized family!The shed is fully lockable and has a nice high clearance carport next to it, the back yard has recently been levelled and topped with gravel making it a great big space ready for whatever you desire! If you are looking for a quality home in a handy location with everything you need you have found a winner!CALL TODAY FOR A CHANCE TO VIEW - 0429 855 734
