This block of land is in a fantastic location at the end of a cul-de-sac, within the famously designed Greg Norman 'The Dunes' Golf Course, at Port Hughes. You could potentially have the best of both worlds when building your new home. You could be overlooking the lush green lawns of the golf course, AND you could potentially have distant sea views if you're clever enough with the design of your new home. Actually..... to help you with this, there is a floorplan available to view upon request. The floorplan is still subject to council approval, however it may help give you an idea on how to use the block to maximise all of your views! The land is fenced on two sides, and power and water is available. Go and have a look at the land, and see if you can picture yourself one day living in this popular area of Port Hughes.
