Just around the corner from the boat ramp, 8 Tambo Avenue is a fully renovated home that was originally intended by the owners to be their forever home. However, due to changed circumstances, this charming residence is now available on the market. Situated on a corner allotment, the home comprises three bedrooms, a spacious renovated bathroom, a separate toilet, and a new kitchen equipped with electric cooking, a dishwasher, an island bench, and ample cupboard space. The open plan living area features a reverse cycle air conditioner and a wood heater, while vinyl plank flooring enhances the durability in high foot traffic areas. The bedrooms have new carpeting and built-in robes. Notable features include aluminum windows throughout, a rear veranda, a single lock-up garage with a remote door, and an additional garage/workshop with a large sliding gate for easy access. The workshop also boasts a large concreted area in front, behind the gate, making it an ideal space for securely parking a caravan or boat.
