AUCTION

Situated at the top end of the Coffs Coast, Corindi Beach is an area oozing with potential and producing strong growth and development. A popular and more affordable location to escape the hustle and bustle and live a more carefree and stress free life, but still close enough to utilise the convenient services that the beautiful city of Coffs Harbour has to offer. With a welcoming community and untouched beaches and National Parks to explore, Corindi Beach attracts an array of buyers from families and empty nesters. This tastefully designed Perry Home rests on a 762 square metre allotment and is presented in immaculate condition by the current owners. The thoughtful floor plan situates both living spaces overlooking the backyard, which is helpful with children and connects the indoors and outdoors well when entertaining friends and family. One is a more intimate formal lounge room, the other is a tiled family room, open to the kitchen and includes a reverse cycle air conditioner and a feature combustion fire, both capable of servicing all living spaces. A stylish kitchen equipped with all the fittings and fixtures expected from a modern kitchen, including everyone's dream - a butler's pantry. The four bedrooms are all of ample size with the master bedroom featuring its very own ensuite and walk in robe. A well appointed bathroom, laundry and double lock up garage with internal access to the home elevate the designs comfort and functionality. Extras include a 6.6Kw solar system to help with today's extreme cost of living, concrete driveway, quality fencing, glass balustrading and finished off with structural landscaping including retaining walls and elevated paths, so you can rest assured all the hard work is complete. Just sit and relax in the lovely alfresco area, the perfect spot to enjoy dinner, that morning coffee or just indulge in the sea breezes. The fully fenced yard provides a safe and secure space for children and pets to play, giving you peace of mind, or there is even enough room to explore installing a granny flat or tiny home.
