NEW TO MARKET

First impressions really do count - Here, a spacious and contemporary designed 3 bedroom 2 bathroom home sits quietly behind a modest facade, imploring you to look a little further and it will surely win you over. Built in 2012, this Dale Alcock home inhabits an elongated 330sqm green titled block, that makes perfect use of all its space. An open floor plan in neutral tones with quality appointments and a choice of indoor and outdoor living and entertaining areas that meld perfectly for today's modern lifestyle. A look inside reveals high ceilings, wide open hallway and large formatted tiles that flow from one inviting room to the next. The sizable master bedroom sits comfortably at the front of the home and sets the scene for unwinding and relaxation. Plush carpeting with white slatted blinds and a walk through wardrobe that features a double mirrored built in robe on one wall and a walk in robe on the opposite side. The ensuite is bright and spacious with large shower, vanity and toilet with lots of under bench cabinetry for storage. Coupled together off the main hallway rest bedrooms 2 and 3. Generous in proportion, both bedrooms easily accommodating a queen sized bed and more. Styled with sleek grey carpet and huge mirrored BIR's, they share easy access to the main bathroom with bath, large shower and vanity. Framing the view at the end of the hallway is the heart of the home - the open plan living, dining and kitchen area. An expansive space that caters for big family celebrations or casual evening meals together. Brimming in natural light this whole space opens out through large sliding doors creating an indoor/outdoor living and entertaining zone. The kitchen is a gem, well equipped with numerous features. Long stone bench tops provide good working space, breakfast bar, an abundance of cabinetry including overhead display cabinets and large underbench drawers, walk in pantry and a roll down appliance cupboard that keeps everyday items out of sight. Well appointed with Blanco 5 burner gas cooktop, 900mm s/s oven and range hood, double drawer dishwasher and huge refrigerator recess. It all functions harmoniously with style and practicality. At the rear, the home opens to the outside and embraces all the elements, it is sheltered and private and brings all the comforts of the indoors out. Fully equipped with marine grade built in kitchen featuring stone bench tops, lots of cabinetry for storage, fridge recess and s/s sink. A large alfresco area that runs along the back of the home with ample room for a dining table and a large lounging area. Totally enclosed with huge cafe blinds this outdoor space is truly an extra room that you can relax in enjoy all year round. The connection to the outdoors is further enhanced with your own stair access to the adjacent park, perfect for walking the dog or just extra space for the kids to kick a ball or run around. A beautiful home with so much to offer, in a convenient location that's close shops and restaurants, public transport and all other amenities. The unassuming facade doesn't do this home justice, what lies beyond is a tranquil oasis.
