Within less than a couple of minutes walk to the main shopping centre, St Marys college and the train station is where you'll find this beautifully presented period style home. It's got all the nice "things" like high ceilings, ornate plasterwork, classic wide central hallway and bay windows. Take a step inside to discover three very large bedrooms, living room and kitchen/dining area. Outside has a huge covered entertaining area, lush lawns and garden beds with a carport and small storage shed. It has recently been painstakingly painted so everything is fresh awaiting the new owner that is happy to sit back, relax and enjoy being able to walk to everything you'll ever need.
