Open Home Cancelled

8 Weston Drive epitomises the enviable lifestyle that living in tightly held Bunya represents to all current residents. This property is most certainly different and unlike the typical acreage property. A stunning home, in immaculate condition, featuring a full-length covered deck with inspiring views. Lush gardens abound everywhere you look, and the huge very level grassed areas complete with playground equipment, make this outstanding property one to be inspected. This unique property has been expertly designed to create a very private family living experience with the inviting heated swimming pool complex, complete with outdoor barbeque kitchen as its centre piece. The property has easy access to the rear, creating many possibilities on offer to the new owners. The stylish interior combines earthy neutral tones, gorgeous timber floors, ducted air conditioning, and an abundance of living areas. The kitchen is designed for the discerning chef with quality stainless steel appliances, stone bench tops, gas cook top and plenty of storage. The open plan living design is exceptional and offers four living areas. The master bedroom is at the far end of the home and features a large renovated ensuite. The other bedrooms are all large with ceiling fans and built in robes. There is a separate office/study which is beautifully light and airy and would be a wonderfully productive workspace. The property has a free-standing double lockup garage, with the access to the rear of the acreage on the right-hand side. There is also a convenient 6m x 4m colourbond shed with its own 3m x 4m annex. This could be used for multiple purposes. With so much on offer, this special property must be viewed. It is also located in a highly regarded school catchment area and is close to public transport, schools, shopping centres, medical facilities, restaurants, parks, sporting grounds and walking and cycling trails. Property features:

- 4 Bedrooms, master with renovated ensuite
- 2 Beautiful bathrooms
- 2 Car garage
