\$139,000

If allotments were listed from A to Z, with A being the best, this allotment would rate as an A. Located high on the hill overlooking Mount Wooroolin. The property photo attached gives a potential buyer a great understanding of the type of home that will compliment this allotment. The estate offers, full kerb and channel, fibre optic NBN to the kerb, underground power and mains pressure town water, sewerage and all the regulars: rubbish collection, postal and school bus. This allotment is in walking distance to schools, the Kingaroy CBD and the brand new \$91 million dollar hospital and ready to build on now, also has no restrictions on when or what you can build. If you are looking for somewhere you can sit back at the end of a long day and watch the most amazing sunsets, this is the right allotment for you.
