This home is unrivalled in its street presence with its strong lines and dramatic architectural style. Open and minimalistic, the interior is cleverly designed to take full advantage of the expansive water views from every window. Nothing has been left to chance, every detail has been carefully thought out to marry a collaboration of strength and elegance into what is a stunningly beautiful home. Three distinctive 'pods' provide privacy and space for work and rest. The larger pod is home to the open plan living and master suite, the 'nest' sits high with spectacular views across the bay and the third is ideal as a work from home study.
