## Expressions of Interest

Bathed in sunshine from first light to mid-afternoon, all year round this apartment is ideal for the sun lover. Of course this aspect also results in the pleasure of enjoying the north east breezes from across the harbour. An apartment that does currently enjoy big harbour views to Nobbys and beyond, however, we can provide no guarantees. Master bedroom, living room, kitchen and spacious verandah all enjoy the aspect and view. Premium level finishes include timber floors throughout the living areas. Air conditioned comfort plus the advantage of top floor living. Two vehicle security car parking. Transport interchange an 800m walk as is the harbour. 6 minutes to Marketown shopping centre. The ideal inner city location.
