Underpinned by timeless Mid-Century Modern design principles, this irresistible 5 bedroom, 2 bathroom family home is defined by clean and considered lines from top to bottom. From the peaceful position to the single-level simplicity and multiple living zones, this property is a cut above in style, flow and quality. A light-filled layout seamlessly integrates the old and the new with a designer kitchen showcasing sleek stone surfaces, pull-out tapware and stainless-steel appliances including a full-sized dishwasher. This skylit workspace is complemented by a waterfall-edged island bench for relaxed meal times alongside an inviting family dining area. Enjoy the air-conditioned comfort of a spacious living room framed by built-in shelving and an open fireplace, a sunroom currently being used as a gym, and a versatile retreat that could work as a fifth bedroom or a professional study with its own private entrance. Entertain alfresco under an oversized sheltered deck with heating, ideal for everyday living and dining. Exemplary rest and retreat is provided by a quartet of robed bedrooms, serviced by a primary renovated bathroom with floor-to-ceiling tiles and a frameless shower. The master suite comes complete with a fully tiled ensuite featuring a luxurious bathtub and a walk-in shower. Take advantage of a large laundry, heating/cooling, timber flooring, substantial storage solutions, a low-maintenance garden and a double carport plus additional driveway parking. Moments from the Eastern Freeway, walk to Forest Hill Chase, acres of lush parkland, Aqualink and bus services to local trains, Box Hill Central and Monash University. Inspect with confidence!
