This lovely Colonial Queenslander style home is located on the higher and quieter end of tree-lined Bright street, East Lismore. Containing all the wooden feature styles of a bygone era, including wooden floors and warmed through winter with the fire place, it has a charming and welcoming presence. Add air conditioning in the dining room and bedroom - all seasons are covered. High ornate ceilings, open plan kitchen and dining, and wide open verandas create a sense of airiness and space. Two good sized bedrooms compliment the home, with a sunny and light sunroom on the western side, with ye olde style louver windows. A third bedroom perhaps? Having been used as a B&B successfully, the property has an appeal and charm of its own. Fully enclosed rear yard for the doggo, and trees for cooling shade and privacy. Minutes to schools, hospitals and University. Make this character home yours today by attending one of the open homes, or arrange your own private inspection.
