\$220,000

With some hard work and cosmetic flare this three bedroom home would make someone an excellent rental investment or first home. Featuring lounge with split system heating and cooling, three good size bedrooms, Kitchen with electric freestanding stove, separate bathroom and laundry. A backyard to truly enjoy with great views of bushland and the Goulburn River. The property was effected by the recent October floods, however, as been placed on the market at a reasonable price to reflect this. Call me today for an inspection!Property Code: 4406
