Buyer's Guide \$1,950,000

Surprisingly spacious and peaceful with inviting interiors that are awash with the natural light of a due northern aspect, this exceptional attached cottage seamlessly balances 1920s period character with contemporary comfort. Impressively versatile and reminiscent of a Paddington terrace in its classic style, it is little more than minutes to the beach.●

Welcoming open plan, separate living/dining areas● Generous double bedrooms, mirrored built-in robes● Luxury kitchen, Caesarstone benches, gas appliances● Study alcove, soaring ornate ceilings, polished floors● Desirably private and sun-drenched garden courtyard● Skylights, fireplace, retreat with scope to expand STCA● Just 500m to The Spot cafes and only 1km to the beach
