With everchanging views from the iconic 1970s architect designed home which has been recently updated with stunning effect, this property will please the most discerning buyer. To be enjoyed in solitude or perfect to entertain a host of friends, it is hard to believe you could have this incredible lifestyle only 5 minutes from the Gisborne train station, schools and Baringo Food and Wine Bistro for refreshments. The winding drive lined with Oaks & Maples arrives at the classic Australian homestead designed by Vindin Soares, perfectly sited to the north taking full advantage of the views and light. Upon entering you are instantly impressed by the quality throughout, high ceilings, crisp white finishes and heated Travertine stone floors. The beautiful original timber doors including the barn door to the study are definitely nod to the past and on trend today. The fantastic floorplan with the main bedroom separate from the other 3 well sized bedrooms in their own wing enjoying its own retreat, all enjoying stunning bathrooms. The main living areas flows onto the stunningly landscaped entertaining area and the 12 metre pool and spa/hot tub. The open plan family living is the heart of the home, the chefs kitchen with the 1100mm Belling Cooker, stone benchtops and Tasmanian Myrtle timber enjoys the mesmerising views from sunrise to sunset. The property is supported by quality infrastructure with a 9.3KW solar system, a bore which irrigates the lawn and gardens. There is multiple shedding including stables with tack room, work shop, and garaging. There are 4 paddocks with water and a round yard. The manageable 5.821ha 14.38 acres is relatively low maintenance of primarily native habitat. An enviable lifestyle awaits.
