It's easy to see real pride of ownership in this low maintenance and very welcoming home tucked away on a well laid out two and a bit acres. Built in 2012, the home has an open living design with large windows overlooking the native garden with its many bird and wildlife visitors. The all electric kitchen is well equipped with good cupboard and bench space adjoining a family dining area and a bright spacious lounge room enhanced by picture windows with pleasant views and a reverse cycle split system air conditioner as well as a home warming combustion heater. All three bedrooms are generous doubles with built-in robes and overhead fans, tiled bathroom with shower and tastic, the toilet is separate and the laundry has good built-in storage. The protected paved and covered BBQ area provides undercover access into the nine by seven and a half metre double garage on slab with double auto doors, power, workbench and a second bathroom. Other notable features include verandahs on two sides, patio blinds, full insulation, enclosed vegetable garden, watering system throughout, town water plus tank water and a Bio-cycle septic system.
