\$1.5m - \$1.55m

Perched on high grounds, the home offers breathtaking views of nature, giving one the sensation of being suspended amidst the trees with outlook to Cambewarra Mountain. The residence boasts four spacious bedrooms, including a master suite that opens to the return verandah. Not only is the interior opulent, with modern kitchen amenities and an inviting living dining and family room (with a wood fireplace), but the exterior also showcases a large 10.5m x 13.8m shed with high roller door access and part mezzanine level for storage plus a standalone detached studio. While this home offers a secluded paradise, the conveniences of Berry Region, Nowra CBD and the pristine beaches of Jervis Bay, remain within easy reach. For those seeking more than the ordinary, this is the place to be.
