Desirably positioned just a couple of blocks from the water, with parkland, Bay Trail West and Williamstown station only moments away, this inviting version of a classical double fronted cottage has been held in the same family for generations and is offered for the first time since 1945. Well-maintained original spaces, a paved outdoor backdrop, bungalow/office and separate storage shed accompany a two bedroom, two bathroom floor-plan featuring a main bedroom with an ensuite and a second bathroom equipped with a separate bath and shower while a separate laundry contributes ideal convenience to the character of the accommodation. The living area's appealing proportions flow to the slate floored kitchen/dining domain of a design that's further enhanced by hydronic heating and easy options for a contemporary update - but there's no need to rush, these spaces remain entirely capable of meeting every current day requirement. Enjoy right away, pursue the possibilities when you wish, appreciate the location always!
