\$580,000

Opposite Giblin's Coastal Reserve Park with its brand new nearly complete family play area, and directly opposite the Prince of Wales Bay boat ramp, this location is an absolute standout. The home is solid, clean, very livable and original. Live as is or do a renovation worthy of this incredible location. The living room has good views and the bedrooms are a generous size with feature picture rails. There is plenty of room to expand and build a shed, and house the boat, caravan and trailer. The level rear entry to the home and near level land make this an opportunity for all ages. Be you a sailor, motorboat fan, young family, retiree, walker, bird lover, or an opportunist, you need to inspect this home. Please book your personal inspection or come to our next open home.
