\$375,000

This original home features quality retro touches throughout, from the timber ceiling trim to the unique light fittings that have stood the test of time. The home boasts two spacious bedrooms plus a large sleepout, (easily converted into 3 or 4 bedrooms) huge eat-in kitchen with built in booth & separate living room, and the home has ducted evaporative air-conditioning system. Head down the back stairs to the laundry where there is another shower. Out the back there is an enclosed undercover patio, a second toilet, a single garage, and plenty of space in the back yard. Primary, Secondary and Day Care facilities are less than a 200m walk away, and Gatton Plaza Square (Coles) just 300m. Rarely do properties this size (995sqm) so close to the CBD come available. To inspect call Noel.
