Jindera is quickly becoming a choice lifestyle destination for young families and this stunning home proves why! Located just over 15 minutes from Albury's CBD, the town boasts renowned schooling, coffee shops, local amenities and bushland all within a short stroll. There is a distinct feeling of home here in this spacious, open plan residence situated on over half an acre. The light filled kitchen and dining is the heart of the home, featuring stunning blackwood timber and new stainless steel appliances, and large benches perfect for sharing meals with generations of family. This large property comprises 4 bedrooms, plus study, with a guest studio/5th bedroom at the northern end, complete with its own sitting room, vanity and toilet. The oversized master boasts an ensuite and walk-in robe, with tons of storage, and a hallway linen cupboard big enough to hide the Christmas presents in. Outside is a block to envy, with a magnificent sweeping two way drive, huge 9m x 6m garage and the most gorgeous established gardens and trees. The star of the show, however, is the huge outdoor entertaining space and sparkling inground pool. Situated in a quiet cul-de-sac with no traffic, the kids can be free to ride their bikes or sharpen their backyard cricket skills on the extensive lawns. A home that offers so many versatile options like this is rare. Just imagine yourself here, not only this summer, but all the summers to come!Disclaimer: While we have made every effort to ensure that information provided about the above property is accurate, it has been provided to us by the Vendor and other sources.
