\$2,300,000

Grandview would be one of the best small acreage properties in SEQ, that boasts so much potential to deliver diverse income streams. Firstly, the property itself with 180 ML of water would lend itself to mixed beef and fodder production, Cattle Stud, Equine facility, mixed cropping or an off the grid lifestyle as it has all the facilities to house chickens, pigs, cattle and the water to grow whatever you want. On top of this is the opportunity to have additional incomes from a farm stay, Air BNB, weddings and events venue or even a private business retreat, with 2 houses, 2 self-contained cabins, studio and magnificent antique buildings and structures all of which makes for an amazing and unique setting. Located only 9km from 3 established wineries and Bjelke-Petersen Dam Caravan and Recreation Park the tourism potential only adds to the property. To get a true gage of how productive and diverse Grandview is and could be book an inspection today.
