\$1,250,000

Here is an opportunity to purchase this huge 45 square family home set on approximately 4 acres of prime land located on the "Golden Mile" in Hidden Valley, and surrounded by similar luxury acreage homes. Upon arrival to the property you are greeted by remote controlled wrought iron gates that open to a circular driveway and plenty of off-street parking. The property has beautifully landscaped gardens surrounding the home with the benefit of 3 paddocks, ideally suited for horse & equestrian pursuits or possibly a luxurious tennis court and swimming pool. Tastefully decorated in neutral tones the home offers 4 large bedrooms. The light filled master has a large ensuite bathroom with a spa bath, shower and double vanity plus his & her walk-in-robos. In the other wing of the home you have the remaining bedrooms, with bedroom 2 & 3 offering built in robes and bedroom 4 offering a walk-in robe. In addition to the bedrooms, this wing of the home offers the main bathroom & separate toilet, laundry and a rumpus room. Central to the home is the formal lounge & dining, large open plan living room, impressive kitchen with Caesarstone bench tops including an enormous island bench, stainless steel appliances and equally impressive walk-in pantry. The home also has a study or home office ideally suited to those that work from home. Glass sliding doors lead from the open plan kitchen/meals/living to the undercover alfresco area, with soaring views of the distance countryside. There is plenty of room for the kids to play whilst hosting the grandest BBQ with family & friends. Other features include high ceilings with feature cornice to formal living areas, downlights, ducted heating & cooling, feature gas log fireplace, water tanks for the garden and solid fencing to the paddocks. If you are looking for a lifestyle change but want the convenience of short commute to the Melbourne CBD, then this property should be on your shortlist. Call Sally Long on 0477 437 281 to book a private inspection.
