Set on approximately 531m² is this early 1900s cottage, close to Maffra's main street and CBD. A traditional floorplan with multi use rooms that can see the home being utilised as either a three or four bedroom or one to two lounges/sunroom. A country style kitchen with recent improvements in appliances such as the new gas stove along with the introduction of a reverse cycle heater/cooler in the lounge. The home has been painted throughout and some new floor coverings have given the cottage a new life. There is an outdoor area that is the perfect place to sit and enjoy the morning sunshine and take in the surrounds.
