\$925,000

Spectacular opportunity to purchase a resort of your own. This home was designed with the tranquillity of life by the lake in mind, with several outdoor entertaining areas, tennis court, shedding, established vegie gardens and lawn areas. The interior of the home is original and features 4 spacious large bedrooms and a well appointed office. Kitchen with amazing lake view, dining family room with adjoining outdoor room, formal lounge with split system, wood heater and attached deck. Upstairs there is massive parents retreat with living area/ studio, master bedroom, ensuite and walk in robe. With the back boundary at the foreshore of the lake the short walk from the house truly does give this home a resort vibe.
