For Sale \$1,825,000

"Tamarind", comfortably set on just over 2 acres of level land in a private location with beautiful established gardens, and within easy access to the villages of Clunes and Federal, only a 12 minute drive to Bangalow, 28 minutes to Byron Bay yet offering all the appeal of living in the rolling green hills of the Byron hinterland. Popular Eureka Primary School is a mere four minute drive away. The property consists of a main residence plus a separate cottage. The main residence is of solid construction in excellent condition with wonderful natural light from large windows and is well separated from the cottage with strategically placed mature gardens. The home features polished timber floors, smart and renovated bathrooms, modern open plan kitchen with large island bench and pantry, impressive master bedroom with ensuite, double second bedroom with ample storage, and the third bedroom is also an ideal office. Enjoy a very generous undercover verandah running the entire width of the house, perfect for entertaining and acting as a second living area overlooking attractive grounds and in-ground pool. Entry to the home is gained by a level tree lined driveway via a three-bay garage, being well placed for both the main home and cottage. The separate character cottage is perfect for extended family accommodation, short term or permanent rental with its two bedrooms and spacious living areas and deck, again surrounded by established tropical gardens.
