Sold by Rachael Fabbro of RT Edgar Boroondara Delivering contemporary class and stylish luxury in a sensational renovation, this Mid Century home sits pretty as a picture within a private garden setting with entry via Harcourt Street. Gleaming with hardwood floorboards and timber sash windows through a sun-splashed layout, the home presents a flawless fusion of two eras, boasting stone surfaces and premium fixtures for an effortless modern lifestyle. Overlooking immaculate private landscaped gardens, the lounge room is bathed in northerly light by day and the glow of a gas fireplace by night, enriched by a cinematic setup including surround sound, a retractable screen, and projector. The adjoining kitchen indulges easy entertaining, with wide island bar topped in brilliant Brazilian granite, and European appliances. Two bedrooms offer larger dimensions and customised wardrobes, alongside a dedicated home office or third bedroom with acoustic insulation and built-in desk with shelving. A luxe, fully tiled bathroom provides two-way access to the master bedroom, complemented by a separate powder room and European laundry. Finished with parking for three cars via Harcourt Street, the location provides easy convenience, situated within a leisurely walk to city-bound buses, Blackburn Square's tasty eateries and shopping, Blackburn High School, and Koonung Creek's walking trail, while minutes from Blackburn station, Box Hill Central and Westfield Doncaster, and the Eastern freeway for a quick CBD commute.
