Occupying, investing, or downsizing without compromise is possible with this modern property. The three-bedroom home offers comfort and convenience for families, young couples, retirees, or investors on a low-maintenance lot of approximately 839m². The front portico provides a welcoming entry to the home. Inside, the main bedroom features a walk-in wardrobe and ensuite. Further along the central hallway, the lounge offers a space for formal entertaining or a quiet retreat. The remaining bedrooms, bathroom, laundry and large open-plan living, dining, and kitchen occupy the rear of the home. Dual sliding doors from the family living area provide access to an extensive, covered wrap-around alfresco area, perfect for relaxing with family and friends while overseeing the younger members at play in the enclosed back garden. The functional and airy kitchen boasts stylish cabinetry, a Caesarstone-topped breakfast bar, a 900mm stainless steel gas/electric range, a dishwasher, and a double pantry cupboard. Additional features include split system heating and cooling, tiled traffic and wet areas, built-in robes, ample storage solutions and cost-saving solar power. A double auto garage under the roofline provides direct internal access, and the large lot allows for a separate side driveway to a large shed/workshop in the backyard with power, water, and a concrete base, suitable for tradies, hobbyists, or boat/trailer/caravan storage. The practical property, at the end of a quiet no-through street, is close to the Strathfieldsaye IGA supermarket and speciality shops, schools, childcare, local tavern, and public transport.
