**\$345,000**

This strategically positioned large front row block, only a two-minute walk to the beach, is very rare! NO time limit to build! With almost 20-meter frontage and 40-meter side boundaries this block is ideally suited for a two-level home with extensive undercroft garaging and some accommodation. An upper level could be extensive living areas and master bedroom accommodation. The alternative is to have a single level elevated home taking full advantage of this great position set back from Two Rocks Road. Plenty of space for a swimming pool, big workshop and toys! Very motivated owner has instructed us to present all realistic written offers for their consideration. Contact Peter J Turner 0412 912 612 today!
