89 Wakeham St, Stawell, Vic 3380

Bedrooms: 3

Bathrooms: 1

Parkings: 4

Type: House

\$360,000

A solid family home and large shed that has plenty of room to move and has been upgraded into a very comfortable and appealing package. Aluminium windows and cladding mean low maintenance requirements externally with the stumps, wiring and plumbing all checked and inside the home is neat and tidy with split system heating & cooling. The very spacious open plan family, meals area has a split system. A modern kitchen with electric oven, gas hotplates, dishwasher and good cupboard and bench space. Away from the busy family area the generous lounge room is the perfect place to sit and relax. The three big bedrooms are all carpeted doubles off the central hallway and the modern bathroom includes a shower, bath and vanity unit plus the convenience of two toilets is always popular. A stand-out feature is the steel garage/workshop 9.5m x 9m with oversize trusses, double roll-a-doors, power, slab floor and rear access. Overall a very good property with a delightful family home, big shed and an appealing price. We suggest your immediate inspection to judge for yourself. Property Code: 2848
