Kardinia Property
0352928084

\$850,000

If you are looking for chic living in blue chip Newtown then this well-maintained, renovated shop conversion on its own block is a must to inspect. It's location provides easy access to Newtown schools, central Geelong, the ring road and all amenities. Originally a shop front, it has been converted into a character residence comprising 2 large bedrooms (one with large walk in robe), large open plan living zone along with second living/study space. High ceilings and wooden floorboards provide a warm, modern feel. It has previously been used as an air b&b and is ready for the fussy owner to move straight in. It's also perfect as a low maintenance central base in Geelong. It is set on 306m² and the undercover outdoor entertaining area is complete with outdoor shower/bath creating a beautiful, private space to relax. The large flat backyard offers further building options as well as parking for multiple vehicles along with easy access via the electric gate. Suitable for a multitude of uses including owner occupancy or investment, and won't last for long at this price. To arrange an inspection please call 5292 8084.
