\$740,000

The trademark cutting edge style of Milne Architects makes this townhouse a standout, set to pass the test of time. The north-south orientation, battery ready solar system, and water tank retention system make this a home that is liveable and comfortable – now, and in the future. Downstairs, direct entry from the double garage (there are an additional 2 off-street car spaces) leads into the entry hall. From there the beautifully appointed kitchen, with breakfast bar, overlooks the sophisticated, north facing dining and living areas with sliding doors opening to the private, landscaped outdoor living area. Upstairs to the light filled open study space, the generous sized bedrooms and the family bathroom with separate WC. Bedrooms 2 & 3 each have built in robes, while the master has a walk-in robe, ensuite and private north facing balcony.
