\$85,000 each

Two vacant blocks or one large block - you choose. Great views, great location- not far from the main Street of beautiful Casterton. The hard work has been done with the sewerage at boundary fence and power pit at boundary fence as well. These blocks also come with house plans if needed (STCA). One bedroom illustration shown but other plans can be produced if needed. Total block size is currently 1572m² approximately so if you only wanted one block it would be approximately 786m². Could possibly build two homes and live in one and rent out the other (STCA). Make the most of this opportunity and purchase one or both blocks today.
