Newly Completed 4 Bedroom - 2 Bathroom Home. What an interesting situation, you know how it goes - you're all excited - you pick an excellent family home to build and set up your ideal family lifestyle property - and the job changes and throws your plans out the window. Lucky for you - there's the chance to purchase this recently completed family 4 bedroom home with 2 bathrooms (beautiful ensuite plus main bathroom with a bath). Plus there's your 107 Acre paddock - this year the sharefarmer has grown a beautiful wheat crop - and there's a couple of scrubby patches ideal for picnics and adventure. Mains water is connected and there's perfect spaces for horse yards or motorbike tracks - plus your shed! If this sounds like your perfect lifestyle and you'd like to skip the long queue to build a home nowadays. - you'd better let me know and I'll send you through the photo pack when it arrives. We will be holding regular open inspections - let me know if you'd like to come. Kind Regards, Nigel Christie Urban & Rural Partners.
